Your new Fire Number will be assigned based on the exact point where your parcel's *driveway* intersects a public or private access road. This point will be determined based on the location of your nearest neighbors' driveway in both directions. Please answer the following questions based on the location of your proposed and your neighbors' driveways.

1) Is your current driveway currently existing? ___ Yes ___ No

2) In the north or east direction, my nearest neighbors' driveway is _____ FEET or _____ MILES from my new driveway, and is located on the SAME ___ or OPPOSITE ___ side of the road. This neighbor's fire number is _____.

3) In the south or west direction, my nearest neighbors' driveway is _____ FEET or _____ MILES from my new driveway, and is located on the SAME ____ or OPPOSITE ____ side of the road. This neighbor's fire number is _____.

Draw or attach a diagram of the lot showing Public or Private Access Road, Buildings, and driveway(s).

1. Permit fee of \$25.00 payable to Town of Cloverland must accompany application if driveway accesses a public road.
2. No fee is required for access to a private road or for fire numbers.
3. No permit will be issued until each side of the proposed driveway/s is clearly marked with flags, stakes or spray paint.
4. Refer to the driveway ordinance for specific conditions and requirements.
5. A fire number will not be assigned until a driveway permit has been issued.
